past two years has been conducting a cientific expedition in South America under directions from the French government, claims to have succeeded making the first ascension of Mt. Illimani, in Bolivia, one of the few known ofty peaks on the surface of the earth eft virgin of the foot of man. On the nineteenth of May, with two companions, he reached, as he believes, the top of the mountain, and ascertained the height of the southeastern peak to be 20,112 feet. He gave this peak the name of the Peak of Paris, which name has been recognized "officially" (by the French society, as we suppose,) and deposited on the summit in a hermetically sealed tube a document recording his ascent and claim. Lieutenant Gib bon, of the United States navy, many years ago, in the course of his very steresting journey, attempted to climb Illimans from the side of La Pas, but retired after attaining a beight of 13, 000 feet. MEDICAL.

WHAT IS OUEEN'S DELIGHT It is aplent that grows in the South, and is the only actual blood purifier ever discovered, by which all diseases that center in the blood can be eradicated at once and forever. It expels for life all Scrofulous, Syphilitic, Cutaneous and Rheumatic affections and is the ONLY TRUE REMEDY for this class of diseases. Alone, it is a searching alterative, but when combined with Honduras Sarsaparilla, Yellow Dock and other roots and herbs it becomes a blood purifier unsurpassable and thequaled. Such is the combination of

forming the most powerful alterative known to Medical Science for the cure of old Ulcors and Sores, Diseased Joints, Foul Discharges from the Ears and Nostrils, Abscesses, Skin affactions, Rheumatism, Dropsy, Kidney Commints, Evil affects of Secret practices, Diseased Scalp, Disordered Liver and Spleen and all diseases that center in the blood. It possesses the reculiar property of impuriting a fair complexion and
